Part III DETAILED ACTION

Notice to Applicant(s)

1. This action is responsive to the following communications: amendment filed on 12/19/03.
2. This application has been reconsidered. Claims 1-13 are pending.

Information Disclosure Statement

3. The references listed in the Information Disclosure Statements dated 6/10/05 have been considered by the Examiner and is attached to this Office Action.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Art Unit: 2626

5. Claims 1, 2, 3, 11, 12, and 13 are rejected under 35 U.S.C. 102(e) as being anticipated by Iwase et al (Iwase) (U.S. 6,871,243).

With respect to claims 1, 2, 11, 12, and 13, Iwase discloses a multifunction printer (figure 8) comprising a scanner section (84), a printer section (86), and reset means for resetting only the printer section even if the scanner section is operating (column 21, lines 18-26).

With regard to claim 3, Iwase discloses a central processing unit (81).

Allowable Subject Matter

6. Claims 4, 5, 6, 7, 8, 9, and 10 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
